

AT-43 Leadership Points Trackers

Print out this page onto thin card (or print it on normal paper and paste it onto card), then cut out the front and back parts of the trackers using scissors. On the front section, also cut out the white rectangle near the top using a sharp hobby knife, and make a small hole in the centres of both front and back parts. Assemble the trackers by putting a split pin through the centre holes.

Artwork by RACKHAM, used without permission but also without commercial intentions. Trackers created by Gurth <gurth@xs4all.nl>—see <http://at-43.understairs.nl> for more.
